—CATALOGUE—

Our Furniture is Made Out of Thoroughly Seasoned Austrian Beech Wood

FINISHES—Our regular stock finishes are Golden Oak and Mahogany (dark), rubbed finish. A number of popular patterns are carried also in Cherry resp. Light Mahogany, Early English and Weathered Oak finishes. All other colors can be furnished to order at a slight advance, i. e., Circassian and Italian Walnut, Silver Gray and Natural wood finish, requiring selected wood; or special shades in two color effects, requiring a special filler. We carry in stock Silver Gray, Circassian and Italian Walnut finishes in a limited selection of chairs and suites. Gold and Enamel finishes are subject to special quotations.

WOOD SEATS—Our regular stock pattern is the hand polished Sunray seat, Design XXI, matching in color the chair frame, with the following exceptions: chairs No. 48J/3 resp. 4 with arm chairs to match, we will furnish with a two color effect burnt Veneer seat in Imitation Intarsia (design IIa) in dull finish; No. 248V, etc., with a plain veneer seat; No. 48/S, etc., and 18/S, etc., with a plain Veneer saddle seat, both hand polished to match the color of the chair frame; office chairs with the dull finished perforated Veneer seat, burnt design "P" in imitation of cane, unless otherwise shown.

INSCRIPTIONS OR MONOGRAM DESIGNS can be furnished to order, either in two color effect burnt wood or in tooled work resp. also sawed out of Veneer panels. The prices vary as to design and character of work.

UPHOLSTERY—Unless stated otherwise, covering material quoted is for machine buffed leather. Other grades of leather or fabrics will be quoted special on request.

HEIGHT of all our chairs, arm chairs and settees is about 18¼ in. to 18½ in., floor to seat; of our tables, 30 in. Deviations from this height are always stated.

SIZES given for seats, refer to width followed by depth.

FRENCH LEGS—A number of patterns shown in this catalogue have yet the old shape of legs and may be ordered with new leg as in chair No. 332U, page 27.

DELIVERY—Importation orders take from three to four months and more if alterations are made, requiring new castings.

PLACE OF DELIVERY—F. O. B. New York resp. Toronto.

RESPONSIBILITY—Our responsibility as to shortage, damage, breakage or non-delivery ceases with the issuance of a clear B/L to us by the Transportation Company. Before accepting goods from the carriers please be sure to note any shortage, breakage or damage, and refuse to receive the shipment unless the Station Agent protects you by noting your claim upon the freight bill. Signing a clear receipt releases the Transportation Company from liability and you do so at your own risk.

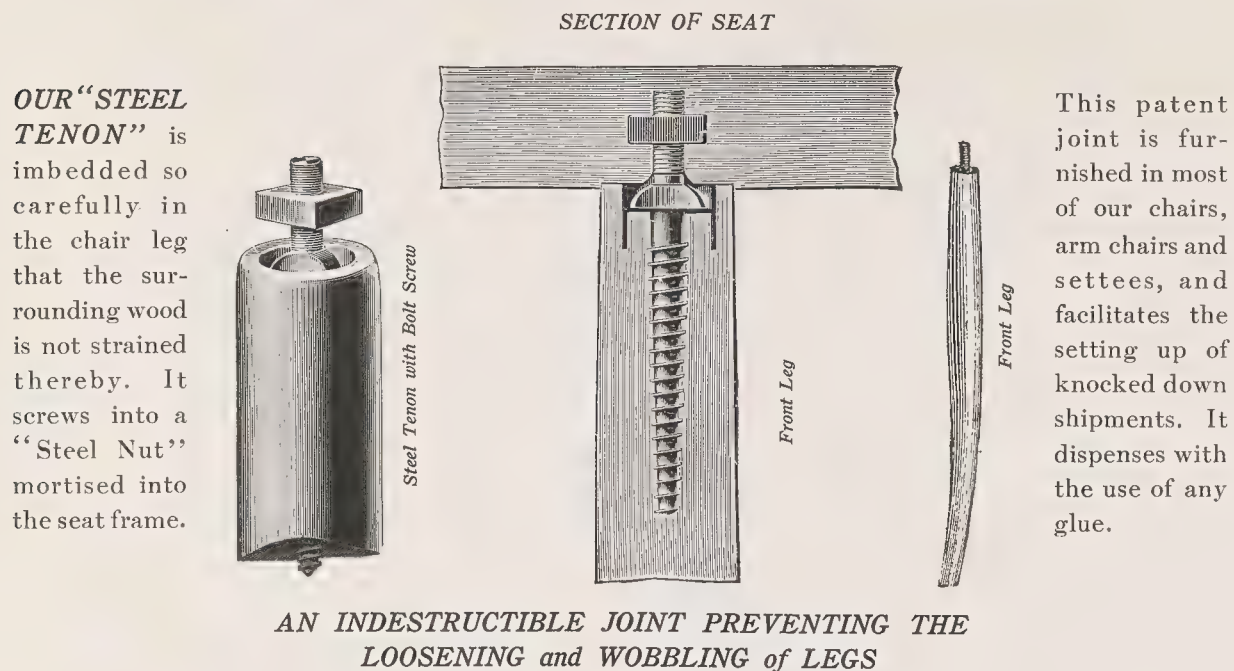

CLAIMS—We will, however, offer our good services in getting redress from the carriers if you send us endorsed freight bill together with number of articles short or damaged. We will also trace for you shipments lost in transit and endeavor to recover damages, but we cannot permit deductions from our bills for these causes.

Explanatory Drawing of Our "Patent Leg Joint"

K. D. SHIPMENTS—In shipping K. D., we pack 72 chairs into one case. All parts of one chair are labeled different from another chair and are stamped besides, from No. 1 up to No. 72. By assorting first in rotation of numbers all backs, seats, legs, rings and braces, resp. bow supports, the assembling of our chairs, etc., can be made quickly without any loss of time. Previous to assembling of parts be sure to lubricate all joints, including the screws, to ease the setting up and avoid the squeaking of the joints. To distinguish between left and right front leg observe the numbers 0 and 00 stamped into leg and seat. The bow supports are marked in a similar way. Screw the legs into the seat tight and control their correct position by facing the screw holes.

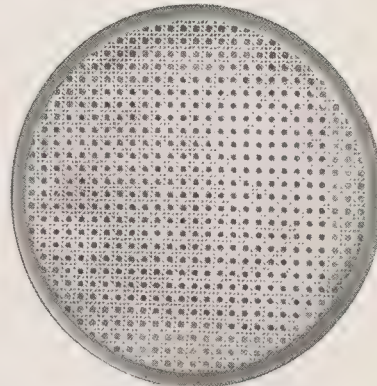

OUR SEAT FRAMES are made out of one continuous piece. If veneered they are 3-ply cross-grained in designs as illustrated herewith:

Sunray Design "XXI". Light-embossed, polished Veneer matching in color the chair frame.

Intarsia Design "IIa". Dull finished Veneer in two color effect; dark brown raised design on light brown ground.

Imitation Open Cane, Design "P." Dull finished Veneer perforated.

*Removable Upholstered Auxiliary Seats
in "Slip Effect" with Rigid Bottom*

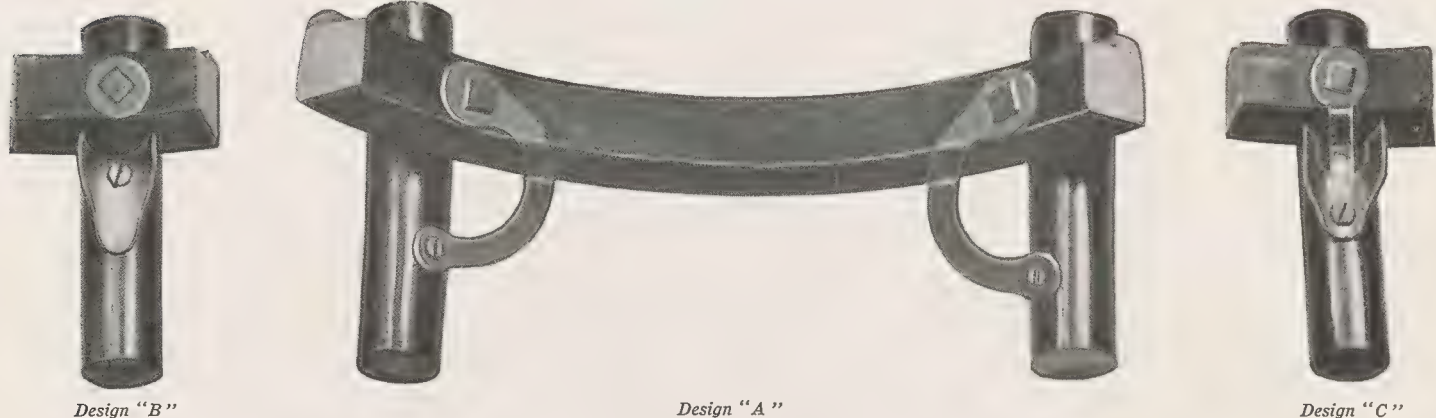

Patented October 10th, 1911

THIS Auxiliary Upholstered Seat can be furnished with any chair, etc. It is superimposed in an unobtrusive way on the cane seat and will not scratch or otherwise injure the seat frame or cane bottom. By tightening the bolt screws passed ingeniously through the seat frame into the nuts of the auxiliary rigid bottom, the cushions will be securely attached to the chair in such a manner that the cane bottom is entirely covered up and concealed. In summer or whenever the cane seats are to be used, simply detach the auxiliary seats after unscrewing the bolts.

Our Copper Plated Steel Braces

Patented September 26th, 1911

Design "B"

Design "A"

Design "C"

will be furnished with the numbers as follows:

Design A—On chairs with 3 bow supports, of styles No. 18 and 48 (as illustrated on pages 7 and 9).

Design B—On all chairs shown without Brace-Arms, if with ring including children chairs.

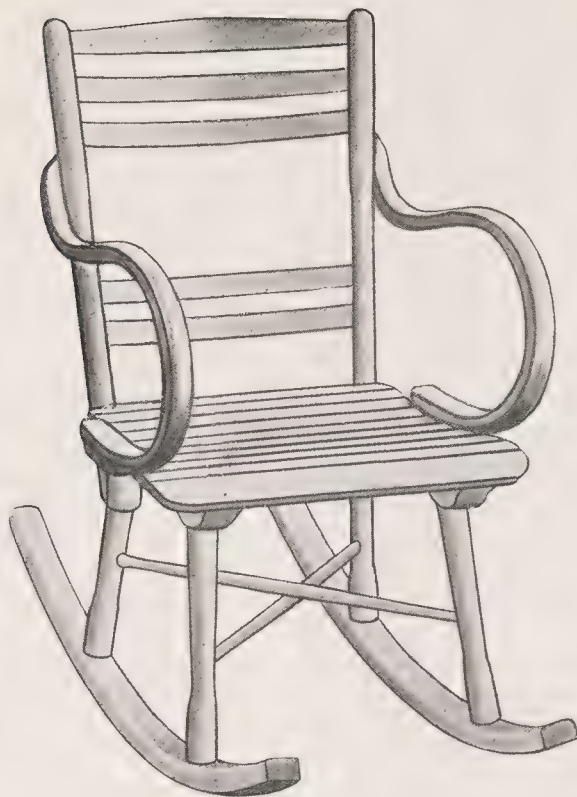

Design C—By request on special patterns.

All three styles of Braces can be easily attached and serve as an additional brace for the rear legs, resp. back and seat. Brace A besides is designed as an ornamental feature.

but not as to the grain of the wood, because our furniture is made out of Beech-
wood and will always show the formation of the Beechwood.

Advance for Metal Sockets: If polished brass: list price \$10.00 per chair,
etc., and \$5.00 if attached to front legs only. If Aluminum or Silver Plated:
List Price \$11.25 per chair, etc., and \$6.25 if attached to front legs only.

Upholstery; The prices quoted are based on a good quality of machine buffed
leather unless otherwise stated. For hard and rough usage we recommend "Stand-
ard Quality" leather, which will retain the original lustre and superior quality.
Prices for this quality and other upholstery materials on application.

Table Tops: The tops of our Restaurant and Cafe tables are of domestic make.
We are quoting on two grades of thoroughly seasoned and kiln dried lumber.
The "Standard Quality" tops are made up from superior quality of Quartered
Oak and Birch, finished to match color of chairs. The "Regular Quality" tops
are made up from good quality of Quartered Oak and Birch, and good care is used
to match them in finish as near to color of chairs as possible.

In ordering tables state whether "Standard" or "Regular" tops are wanted.

White Glass Tops (Vitrolite, Opalite or Quartz-Onyx): For these must be
added to the prices of the tablestands as follows:

Responsibility: Our responsibility as to shortage, damage, breakage or non-
delivery ceases with the issuance of a Clear B/L to us by the Transportation
Company. Before accepting goods from the carriers please be sure to note any
shortage, breakage or damage, and refuse to receive the shipment unless the
Station Agent protects you by noting your claim upon the freight bill. Signing
a clear receipt releases the Transportation Company from liability and you do so
at your own risk.

CLAIMS: We will, however, offer our good services in getting redress from the
carriers if you send us endorsed freight bill together with number of articles short
or damaged. We will also trace for you shipments lost in transit and endeavor
to recover damages, but we cannot permit deductions from our bills for these causes.

PRICE LIST FOR CATALOGUE 1911-12

CANCELING ALL PREVIOUS LISTS

Terms: Net 30 days or 2% 10 days f.o.b. New York. Discount%

Finishes: This price list applies to regular stock finishes only, viz: Golden Oak and Dark Mahogany, rubbed bright, also Early English, Weathered Oak, Light Mahogany and unfinished stock whenever so carried. (See introductory page of catalogue).

Chairs Nos. 30 and 55, in oak finish, retain the natural beechwood grain.

Advance for Special Finishes: 5% for one color effect, such as Silver and French Gray, Forest Green, Circassian Walnut, Fumed Oak, White Beech of select stock, etc.

10% for two color effects, such as Silver Gray with white filler, Oak with special filler, etc.

Prices for Gold, Bronze and Enamel finishes on application.

In matching color samples we can do so only to the extent of the color and finish, but not as to the grain of the wood, because our furniture is made out of Beechwood and will always show the formation of the Beechwood.

Advance for Metal Sockets: If polished brass: list price \$10.00 per chair, etc., and \$5.00 if attached to front legs only. If Aluminum or Silver Plated: List Price \$11.25 per chair, etc., and \$6.25 if attached to front legs only.

Upholstery; The prices quoted are based on a good quality of machine buffed leather unless otherwise stated. For hard and rough usage we recommend "Standard Quality" leather, which will retain the original lustre and superior quality. Prices for this quality and other upholstery materials on application.

Table Tops: The tops of our Restaurant and Cafe tables are of domestic make. We are quoting on two grades of thoroughly seasoned and kiln dried lumber. The "Standard Quality" tops are made up from superior quality of Quartered Oak and Birch, finished to match color of chairs. The "Regular Quality" tops are made up from good quality of Quartered Oak and Birch, and good care is used to match them in finish as near to color of chairs as possible.

In ordering tables state whether "Standard" or "Regular" tops are wanted.

White Glass Tops (Vitrolite, Opalite or Quartz-Onyx): For these must be added to the prices of the tablestands as follows:
